Distance to Slagthuset: 300 m

The building may date from 1898, but it is now home to what may be the most modern hotel in Malmö. And with 293 rooms it is the largest. We have counted the number of footsteps from the railway platform to the hotel – our tester took 128. That makes us the city's most centrally located hotel. As well as immediate access to rail, road and bus links, the hotel is also close to all that Sweden's third largest city has to offer.
