

Wind Energy Finance Forum

European Wind Energy Conference
and Exhibition (EWEC)

21 April 2010, Warsaw, Poland

EWEC 2010, Europe's premier wind energy conference, is holding for the 3rd time a **Wind Energy Finance Forum** in parallel to the traditional policy, science and technology sessions. This dedicated forum has been designed by experts with practical experience in wind energy financing and investment.

EWEC 2010: Wind Energy Finance Forum

21 April 2010, Warsaw, Poland

Wind energy's continued growth

Wind Energy Finance Forum, takes place during EWEC 2010 - Europe's premier wind energy event (20-23 April 2010, Warsaw). It includes presentations by the key players from across Europe and moderated discussions on the most important issues. This forum will give you the latest information on a wide range of finance topics.

At a time of global economic decline, the wind industry continues to grow, attracting new investment, delivering thousands of green collar jobs and helping build a new renewable energy economy. Annual investment in wind power currently stands at €10 billion and is expected to reach €17 billion by 2020.

What will be discussed

- Capital sources, costs and prospects
- Project finance
- Financing the supply chain
- Bankability and risk assessment

Who will be there?

- Financing experts
- Project developers
- Senior industry players
- Policy makers from EU, national and local level
- Banks
- Investors
- International Financial institutions

Why attend?

With over 7000 wind energy professionals expected to gather for the five day conference and exhibition, EWEC 2010 offers a unique opportunity for finance and business professionals to engage in dialogue and address the key issues involved in financing, insuring and assessing the value of wind energy developments.

- **Build** a credible portfolio of contacts with key decision makers
- **Meet** the key players in the industry – the right people, in the right place, at the right time
- **Develop** knowledge and understanding of the industry and its key issues
- **Discover** the leading projects and companies at the exhibition

Andrew Perkins, Partner, Energy and Environmental Infrastructure Advisory, Ernst & Young LLP, UK

*"The EWEC finance forum **always** provides a **great platform for financiers** to discuss the key issues. In particular, the discussions around financing the supply chain will provide useful insight into how this fast growing sub-sector expects to finance itself over the coming years."*

William Young, Bloomberg New Energy Finance, UK

*"I expect the finance forum at EWEC 2010 to be a first rate event - an **information pool and forward thinking guide to business** over the next year, a year in which capital availability, costs and investment volumes will be so crucial for continued growth."*

Xabier Viteri, CEO of Iberdrola Renewables, Spain, Chair of EWEC 2010

*"**Europe leads the world in renewable energy.** Thoughts, analysis, strategy and technical responses, relating to the present and future of wind power, will come together at EWEC 2010 in Warsaw."*
