

SEANERGY 2020: BALTIC SEA REGIONAL WORKSHOP

Date: 24 November 2010, 09h00 – 15h00,

Venue: Berliner Congress Center, Alexanderplatz 11, Room A05

SEANERGY 2020 project: The IEE-funded SEANERGY 2020 project aims to formulate and promote concrete policy recommendations on how to best deal with maritime spatial planning (MSP) and remove MSP obstacles that stand against the deployment of offshore power generation. This workshop seeks to address the specificities and concerns of MSP in the Baltic Sea region and will also disseminate findings to date of the national and international maritime spatial planning regimes.

Target audience: This workshop will be of interest to MSP authorities at all levels, planners, regulators, TSOs, renewable energy project developers and utilities, shipping and maritime transport organizations, fishing associations, environmental NGOs and representatives of other users of the sea. The programme features presentations and round table discussion to promote interaction.

Programme

- 09:00 – 09:30: Registration and Welcome coffee
- 09:30 – 09:40: *Welcome and Project introduction, **Glória Rodrigues**, Head of Policy Analysis Unit, European Wind Energy Association (EWEA)*
