International political presence

www.ewea.org/offshore2015

“ The event has been exceptional, better than what we had hoped for. No one had had a chance to interact with our brand before, and we wanted to make a big splash. We couldn't have asked for a better exhibition. ”

Stewart Mullin
Director of Marketing and Communications at MHI Vestas Offshore Wind

“ There are so many interesting people here, and it's really busy. We've had visits from the Crown Prince and many politicians. ”

Mette Jørvad
Senior Manager for Communications at A2SEA

“ I've enjoyed the opportunity to network with various companies that I don't see often in day-to-day business. ”

Mogens Lolk
Contract Manager at DONG Energy
